I don't know! Maybe it thinks we're on Snow's side?
It probably doesn't care whose side you're on.
FLUTTER
FLAP!
It's hurt, it's confused, it's been betrayed by its reader...
On all accounts, it's been a rather traumatic evening for The Book.
The book is not a human. It was not meant to have emotions. It developed them by magical accident.
It probably doesn't know what it's doing, it's running on its most basic instincts.
And like an animal, when it's in danger, it seeks one thing: escape.

SKRIIIIIIIIIIIII!!!
WHOOSH!

Mmph! You're not going any where with that book, Snow!

I failed! The Book is gone, and the two people most likely to save us are dead.
Mom! Your hand! Take this blanket, I'll get you to the hospital wing. Everything's okay.
It is most certainly not! I don't think we've ever been this NOT okay.

Calm down birdboy, Credenza's alive.
Except for a few cuts, she'll be fine. Thanks to you.
(sigh) She's alive.
Not that I was worried or anything.
Was juss... concerned.
NUZZLE NUZZLE
Lydia, come here. I think we may have a problem.
Z

What is it, Mom? Credenza's okay, isn't she?
Credenza's fine. Would you like the good news or the bad news first?
Good news, please.
The good news is that Credenza held on. We still have the Book.
The bad news is that Snow held on just as tightly.
The Book! It's torn!
More than torn, it's been ripped completely in half! This half only has three of the heirs.
Then if we have this half...
-what happened to the other?

Awh, C'mon mahn! I keeph gettin' blood ahp my node!
I'm kind of BUSY here, Kurr!

Yes, but his entire right side is crushed in!

Guess what Kurr? You'll have to LISTEN to me now that I'm captain.
Fwah!? Ober my fwea bid body! Who do you-
WILL YOU TWO SHUT UP!

A man has just died and you stand there talking as if he was dirty laundry!
Cripes! He really is related to Captain Snow!
Hwy so angry! You din' likh him any more den we did!
I know. I hated him. He was a horrible person.
He killed my whole family, HIS family, with no remorse.
But... he didn't kill me. I don't know why. There must have been a soul in there somewhere.
Doesn't he deserve at least a moment of silence?
Knull, you have a great deal to learn about pirating. Not that you'll get much of a chance.
What with your uncle gone, I really see no reason in keeping you around.
